

**Wednesday, April 15, 2009**

**[Welcome to the Worldwide Public Safety Symposium](#)**

*Dermot Barry, Microsoft Managing Director of Worldwide Public Safety*

**Microsoft Welcome Address**

Microsoft is heavily engaged with Public Safety and Justice customers and initiatives around the world and at all levels of Government. During this session Microsoft's Worldwide Public Sector leader will highlight Microsoft's overall approach to Public Sector, as well as its specific focus on Public Safety.

*Linda Zecher, Microsoft Corporate Vice President of Worldwide Public Sector*

**Washington State Public Safety Community Welcome Address**

Microsoft is delighted that leaders from our Washington State Public Safety community welcome their fellow practitioners from across the globe.

*Chief David Daniels, Renton Fire, President King County Fire Chiefs Association & International Director, IAFC Safety, Health, and Survival Section*

*Chief Colleen Wilson, Port of Seattle & President, Washington Association of Sheriffs and Police Chiefs*

*Fire Chief Wayne Senter, South Kitsap Fire Rescue & Vice President, Washington State Association of Fire Chief*

**[Microsoft Executive Keynote](#)**

This keynote will focus on Microsoft's commitment to customers and partners across the world, supported by Microsoft's core mission and strategies to consistently deliver value and innovation. Kevin will also announce Microsoft's new Citizen Safety Architecture (CSA).

*Kevin Turner, Microsoft Corporation Chief Operating Officer*

**[Customer Keynote Session Panel on the Global Threats and Challenges Facing Public Safety and Justice](#)**

During this session, leading international public safety and justice practitioners will discuss current and emerging challenges and threats facing their organizations. They will also share how they are tackling both man-made and natural disaster preparedness and response and improving operational effectiveness through the use of information technology.

*Lead by Panel Chair, Timothy D. Bloechl, Microsoft Managing Director of Worldwide Public Safety and National Security*

*Panelists Include Justizminister Bernd Busemann, Lower Saxony Department of Justice*

*Pierre-Yves Bourduas, Deputy Commissioner, Royal Canadian Mounted Police (Retired)*

*Tom Fuentes, President of Fuentes International LLC & INTERPOL Executive Committee Representative for the Americas Region*

*Leonard Boscia, Manager, Program Management Office, New York Police Department*

[Presentation slides are available for this session. Video is not available.](#)

**[Global Security Operations Center Lunch Presentation](#)**

Microsoft's physical security group will discuss their use of three Global Security Operations Centers (GSOCs) and solutions based on SharePoint, InfoPath, Communicator, Groove, and Virtual Earth "out-of-the-box" to reduce operational costs and improve security operations at over 700 sites around the world.

*Brian Tuskan, LMC Consulting Group, Global Security Operations Center*

### **[Australian Bushfires 2009](#)**

In this session Roy Thompson will discuss the recent tragic bushfires that occurred in Victoria Australia and the implications on incident management, decision making, associated training and technology.

*Assistant Chief Officer Roy Thompson, South Australian Metropolitan Fire Service*
